

*Keeping kids healthy  
today and for all of  
their tomorrows.*

### Message to our Communities

Kids First Health Care has a 37-year history of working in a public/private partnership with school districts, government, foundations, and other stakeholders to meet the health needs of underserved children. With staff who are highly qualified in pediatric medicine and an established organizational infrastructure, the agency strives to improve the health and well-being of infants, children, and adolescents. We have touched the lives of more than 58,000 children who, thanks to Kids First, have a greater expectation of fulfilling their potential to live healthy and productive lives.

Sincerely,

Theresa NeSmith  
President, Board of Directors

Norma Portnoy  
Executive Director

## Our Services

Primary health care services for low-income, uninsured, and underinsured children at health centers in Commerce City and Westminster

Enrollment assistance for children and families into government and other types of health insurance programs to help assure children's access to health care

School nursing services, ensuring that more than 17,000 students in 32 schools have their health needs met during the school day

Our 30-day hospital  
readmission rate  
remained under 1%

## Testimonials

*"My hope is to keep the Kids First clinic around for a long time so that my children can bring their children here."*

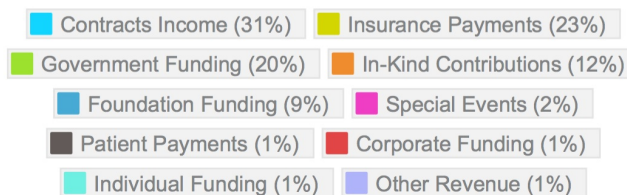

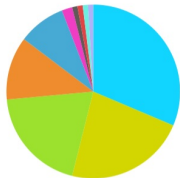

*"I am very grateful with the clinic and all the people who work here because without them, I think that I would have not gone forward because in all reality, I needed them so much."*

*"From colds to cancer, the care here has always been #1 for our family. They helped us through so much. Thank you, Kids First!"*
